

# NEW ZEALAND 2022-2023

## SPACE SHIPS

## DREAM SLEEPER MINI

The Dream Sleeper Mini is the ultimate compact glamping vehicle for exploring New Zealand. Features include; front swivel seats that enable the bed to extend up to 200cm. The swivel seats add 30% more living space and provide greater head room while seated inside the vehicle. These improvements connect the indoor/outdoor living and make the vehicle a lot more suitable for taller travellers.

The bed/storage area lifts up on gas struts and the bed extension pulls out easily in one go to fully set up the bed in a matter of seconds. LED lights are located inside, above the kitchen and under the tailgate. A built in reversing camera makes manoeuvring easy and reduces the likelihood of hitting something, free in-built GPS helps you navigate your way around and bluetooth connects your devices easily to listen to your favourite music.

An extra secure drawer has been added under the fridge so valuables can be locked away. A high quality kitchen area in the rear enables a new level of comfort and is great for picnics beside a lake or breakfast in bed.

**This is the ultimate in small vehicle luxury camping in New Zealand.**
